About RAVE

The Rutland Area Vehicle Enthusiasts was initially formed in 1978 by a group of local individuals who shared an interest in the preservation and restoration of antique and classic automobiles, street rods, and other types of motor vehicles. In March of 1980, RAVE was formally established as a non-profit organization. The first show was held in July of 1980.

The founders expanded on their basic interest promoting vehicle preservation with a goal of giving financial contributions to various local charities. From the 42 shows RAVE has sponsored, \$195,000 has been donated to many local charitable organizations.

RAVE holds an annual auto show at the Vermont State Fairgrounds in Rutland, Vermont. The club also does occasional cruise nights, attends other car shows, and has many members who volunteer their time at various organizations in the area.
